Tasting Notes

This estate has produced a floral, polished, and spicy wine. Elegant, juicy, medium bodied and lusty on the palate, with plenty of dark red berries and thyme to go around.

Pairing Suggestions

This Bordeaux is supple and versatile enough to be paired with cheeses, vegetables, meats, and many spice profiles. Try it with things like basque cheeses or manchego, lentils and mushrooms, black pepper steak or duck con fit, and spices like white pepper, rosemary, and coriander.

Vineyard

Blend of Cabernet Sauvignon 50% and Merlot 50% planted on a sandy gravel soil.

Vinification

Traditional vinification with a maceration of 3 weeks at 28°C then a final maceration above 30°C to emphasize the fruits and bring more richness and depth to the wine.
