EVERY BOTTLE

TELLS A STORY

The grapes are harvested from 5 villages: Bedoin, Saint Pierre de Vassol, Flassan, Crillon-le-Brave, and Modène.

Vinification

Optimal sanitary state of the harvest which is totally destemmed. Each grape variety is vinified apart. Long vatting with several daily 'remontages'. Pumping-over of the vat juice onto the cap of solids. Alcoholic fermentation at controlled temperature (28/30°C). Blending after completion of the malolactic fermentation. The wine is matured for 12 months in vats.

Press

"Aromas of ripe but restrained black fruit are accented by wet earth and baked herbs in this voluptuous red. The plump, primary palate offers luscious black-cherry and berry flavors edged by ripe but penetrating tannins. It drinks well already but should hold through 2024." - 90 points, Anna Lee C.
