TASTING NOTES

This wine can be drunk along the whole of the meal. Its aromas of red fruit and its fine tannins give it good balance. It can age for 4 to 5 years.

VINEYARD

The vineyards are on both sides of the Tarn River. The left bank has gravel soil, and the right bank has clay and chalk.

VINIFICATION

Both varieties are vinified separately, then blended after tasting and before bottling. The maceration of the Duras and Syrah is kept short to keep as much fruit as possible in both varieties.
