## SAN SILVESTRO ROERO ARNEIS "SABBIE"

### TECHNICAL INFORMATION

<b>Country</b>	Italy
<b>Region</b>	Piemonte
<b>Producer</b>	San Silvestro
<b>Vintage</b>	2018
<b>Composition</b>	100% ARNEIS
<b>Scores</b>	88-90
<b>Press</b>	89 Points, Wine Enthusiast

#### WINEMAKER NOTES

An indigenous variety from Roero, Arneis is the most well-known white wine of this region, the left bank of the Tanaro river.

#### TASTING NOTES

An array of flowers and fruit, with chamomile and apricot flavors. Long and delicate, with good structure.

#### PAIRING SUGGESTIONS

Try as an aperitif, or with baked fish, freshwater fish, risotto, shellfish, rabbit, or duck.

#### VINEYARD

The vineyards are planted on a special sandy soil, able to enhance the elegance and aromas of the wine.

#### VITICULTURE

There aren't specific historical documents proving an ancient origin of Arneis variety. The first references date back, in fact, to 1800. Its area of origin and its perfect terroir is the Roero area, with its hills that rise on the left of the Tanaro river, land of feuds, marquises and important castles. The Arneis here finds the light, sandy soils that it prefers, with a good exposure to the South-east and South-west. Also, the temperature range and rare spring frosts influence the good yield of this variety in this area, which represents the finest Piedmontese white variety.
